Heavy Hauler(Fluids)

Description

BDS Fluids is hiring Class 1 Drivers in Watford City North Dakota, USA

Willing to work in the UNITED STATES, 31 on 11 off.

Starting Immediately

FLUID HAULING

We offer a number of oilfield fluid hauling services. Hauling fluids is a specialized service that requires the utmost attention. Our knowledgeable staff are highly trained in the intricacies of hauling fluids safely. We haul oilfield fluids from plants to terminals to rails. We will ensure that the products you need transported arrive on time and ready for market.

What we haul:

- Y-Grade
- Heavy Oil and Crude Oil
- Bitumen, Sales Oil, and Clean Oil
- Drilling Fluids, Drilling Mud, and Condensate
- Propane
- Off-spec Oil and Waste Oil
- Butane

Fluid Hauling Experience would be preferred.

We will provide a working visa and housing!
